BIBLE LEARNING 1.2.3
Timeless Truth through Modern Technology

Paul's Missionary Journeys

14 Bible Stories

**V. GILBERT BEERS
RONALD BEERS**

How it works...

A. After entering your name you are asked which of the stories you want to read. Use the SPACE BAR to move the highlighted area from story to story. When the story you have chosen is highlighted press RETURN.

B. You next must choose the level at which you want the questions asked. **1. Tough.** Starts you in the Minor Leagues. But every good player starts here. Right? **2. Very Tough.** Moves you up into the Majors. After you master the Minors, you deserve to move up to this level. **3. Super Tough.** Takes you up to the All Stars. When you're ready to play at this level, you're really good!

Use the SPACE BAR to select your level then press RETURN.

C. The Bible story you have selected appears on the screen along with a picture that relates to the story. Use the SPACE BAR to advance to the next screen or the letter "B" to go back to the previous screen.

D. When you have completed the story, you are asked 6 questions at the level you previously selected. Use the SPACE BAR to move the box over the answer you think is correct. Then press RETURN.

E. If your answer is correct, press the SPACE BAR to go to the next question. If your choice is incorrect, you are "taken back to the story" and shown the screen with the correct answer. The sentence that contains the correct answer is highlighted. You are also shown a panel that further explains why that answer is correct. Press the SPACE BAR to return to the questions.

If, after answering all 6 questions, you have answered at least 5 correctly, you will see the story come to life in some unexpected way.

Programs currently available for Apple and Commodore computers

Series 1

1. **Early Heroes of the Bible** (Apple 1874-3) (Commodore 0879-4)
2. **Searching for a King** (Apple 0875-1) (Commodore 0880-8)

7. **Paul's Missionary Journeys** (Apple 0896-4) (Commodore 0897-2)
8. **Israel's Golden Years** (Apple 0898-0) (Commodore 0899-9)

The Baker Street Kids are a fun-loving bunch who enjoy nothing more than dressing up as Bible characters and acting out their favorite Bible Stories. Our cast will challenge you with their 3 levels of Bible questions (tough, very tough, super tough), their 3 steps to Bible answers (say it, check it, correct it), and their 3 kinds of Bible learning (recall, understand, discover). They will delight you with their unexpected animations when you master one of the stories. All of the stories are based directly on Scripture and are written especially for this program by V. Gilbert Beers and Ronald Beers. The hope of everyone involved with Baker Street is that you will both learn and enjoy from this unique presentation of these important Bible truths.

Computer Programs for Bible Learning Fun

To Parents and Teachers

This is perhaps the most unusual and effective Bible learning program you have ever seen. The Baker Street Kids dress up and act out Bible stories, faithfully retold from the Scriptures. To reinforce Bible learning, questions appear following each story. There are 3 levels of Bible questions: tough, very tough, and super tough. We call these three levels Bible Questions 1•2•3. Answers come in 3 steps: say it, check it, and correct it. We call these Bible Answers 1•2•3. Then we focus on 3 kinds of Bible learning: recall, understand, and discover. We call this Bible Learning 1•2•3. These 3 important educational features each have 3 easy-to-use parts. It's as simple as 1•2•3.

V. Gilbert Beers and Ronald Beers are a father/son team who have authored many books for children and co-edited a number of books for families. V. Gilbert Beers is President of Christianity Today Institute and Ronald Beers is Editorial Director, Youth for Christ, U.S.A.

This Program includes:
